

1.1	VISION AND MISSION
------------	---------------------------

Vision

The Burnaby Association for Community Inclusion (BACI) serves individuals of all ages with disabilities together with their families, provides an infant development program and offers child care for all children.

BACI advocates that all individuals are accepted and valued members of the community who, in their own way, contribute to society.

Mission

BACI, through innovative programs and exceptional facilities exists to:

1. Empower people to live their lives by respecting their choices
2. Assist in the learning, development and growth of all individuals
3. Ensure that people are connected to family and friends
4. Support families to provide the best care for their children
5. Advocate, by raising community awareness, for individuals with disabilities
