WELCOME

We are pleased to welcome you and your child to our centers. The Burnaby Association for Community Inclusion, (BACI), operates our childcare centers. The BACI is a non-profit community based society, which has been providing services in Burnaby since 1956. We have been offering preschool and out of school care childcare services for over 20 years. We look forward to working with you to provide quality childcare for your child in a safe and caring environment.

The Supervisors of the Children's Centers administer the childcare programs, with support from the Manager of Children's Services.

This Family Handbook is designed to provide you with information to help you understand our philosophy, our commitment and how we operate. We strongly encourage you to read it. If you have any questions about information in the Handbook or if you have unanswered questions after you read it, please speak with the Supervisor of your child's center.

OUR MISSION STATEMENT

Our BACI, Children's Services will.....

- recognize the intrinsic value of every child
- provide quality, inclusive childcare and endeavor to meet the individual needs of all children
- maximize children's opportunities to grow physically, socially, cognitively and emotionally
- recognize and value the diversity among families and children
- encourage and recognize family and community contributions
- recognize the value of our staff and support their growth through training opportunities
