

Celebrating Belonging, Inclusion and Relationships: Conversations and Collage

Join master facilitator and collage artist, Deanne Esdale, to explore:

- Belonging & Friendship**
- Relationship Building**
- Inclusion & Citizenship**

Celebrate the importance of friendship and inclusion through creative group collage.

Please feel free to bring any pictures which you think have particular meaning for this conversation.

I just took this workshop and it ROCKED. Anyone who wants some clarity, who wants to get (back) in touch with their creative spirit, or who just wants to take some time to nurture themselves, will benefit. I can't recommend it highly enough!
