

Community Asset Mapping with Jack Styan: Networking to Meet BACI's Goals

Jack Styan, Managing Director,
RDSP Resource Centre

BACI has ambitious goals around employment and the inclusion of people with disabilities in Burnaby.

More and more, we know that we can't achieve these goals on our own. We need your help.

We know that the knowledge and experience of you, your friends and your colleagues is immense. We want to explore how we can "map" this expertise.

Join us to begin the discussion... on how we can make BACI stronger and more effective, and how we can collaborate to ensure that people with disabilities have every opportunity for employment and inclusion.

**Burnaby Association
for Community Inclusion**

**Thursday, June 16, 2011
6:30-8:30pm**

Still Creek Centre – Large Education Ctr.
2702 Norland Avenue, Burnaby
